

WELLNESS POLICY

Introduction

PenTab Academy is establishing this Wellness Policy to meet the requirements of the United States Department of Agriculture National School Lunch Program beginning January 2019. The Wellness Policy is mandated to be reviewed, and if necessary, revised annually. Its focus is to promote wellness and address current health issues facing our students and to provide measurable goals for nutrition education and promotion, physical education and activity, and other school-based activities. The Healthy School Team met on January 9, 2019, to assess the school's nutrition and physical activity needs.

Healthy School Team

School Advisory Council and NSLP FSD – Mrs. Lia Wilson

School Administrator – Dr. Barbara Sharpe, Principal

Physical Education – Mr. Edford Gunter

School Food Service – Mrs. Natalie Williams, Cafeteria Manager

Students – Jeremiah Rose, Julian Black, Elisha Eugene, Amor Odio

School Health Professional – Mrs. Jennifer Clarke

Staff & Teacher Representatives – Mrs. Karenisha Moulton, Ms. Pete-Gaye Whyte, Ms. Stephanie Jackson,

Community Medical Professionals and Parents – Mrs. Bernard Fish, Mr. Lloyd Murphy, Mrs. Marie Poulard

Community Resource Representatives and Parents – Mrs. Lataya Hall, LMHC, BCCC from Care, Inc. and

Jessica F.B. Jefferson, Licensed Clinical Social worker and Qualified Supervisor, CEO Soul Wellness, Social Support, & Therapeutic Services (Also a parent)

Mission Statement

PenTab Academy is committed to providing a healthy environment for students and staff, and recognizes that students must be physically, mentally and socially healthy in order to improve their academic performance.

The sections included below were designed to comply with provisions set forth in Section 204 of the Healthy, Hunger-Free Kids Act as well as the United States Department of Agriculture's final rule, "Local School Wellness Policy Implementation Under the Healthy, Hunger-Free Kids Act of 2010." This policy also incorporates Chapter 5P-1.003 (2) (d) of Florida Administrative Code (FAC), which required LEAs to establish Healthy School Teams for all schools by June 30, 2015.

Preamble

PenTab Academy recognizes that good nutrition and regular physical activity affect the health and well-being of all students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, supporting the development of good eating habits and promoting increased physical activity both in and out of school.

PenTab Academy is committed to creating a school environment that promotes and protects the overall well-being of all students and staff. The guidelines listed below encourage a comprehensive wellness approach that is sensitive to both individual and community needs.

1. Local School Wellness Policy Leadership

School level

PenTab Academy will establish an ongoing Healthy School Team that will meet annually to ensure compliance and to facilitate the implementation of PenTab Academy's wellness policy.

- The school principal and local school staff shall have the responsibility to comply with federal and state regulations as they relate to PenTab Academy's wellness policy.
- The Physical Education Director will be responsible for establishing the Healthy School Team that will ensure compliance with the policy.
- The Healthy School Team should include, but not be limited to, the following stakeholders: parents, students, school food service program representatives, school administrators, a school health professional, the physical education teacher, the school health teacher and a community resource representative.
- The Healthy School Team is responsible for:
 - Ensuring compliance with federal and state regulations for competitive food and beverage items sold on the school campus (7 CFR 210.11 and FAC 5P-1.003);
 - Maintaining a school calendar identifying the dates when exempted competitive food fundraisers will occur in accordance with the frequency specified in paragraph (c) of FAC 5P-1.003;
 - And reporting its school's compliance of the aforementioned regulations to the Principal, Dr. Barbara Sharpe, the person responsible for ensuring overall compliance with PenTab Academy's wellness policy.

PenTab Academy will review and consider evidence-based strategies and techniques in establishing goals for nutrition promotion and education, physical activity and other school based

activities that promote student wellness to include, at a minimum, a review of Smarter Lunchroom tools and techniques.

2. Nutrition Promotion

Nutrition promotion can positively influence lifelong eating behaviors by creating food environments that encourage healthy choices and encourage participation in the school meal programs.

- The school environment, including the cafeteria and classroom, shall provide clear and consistent messages that promote and reinforce healthy eating.
- Students will have access to useful nutrition information. Posters will be displayed in the cafeteria, and brochures will be available at the front desk.
- Schools will provide parents with healthy snack ideas, lists of foods for healthy celebrations and opportunities for physical activity during and after school.

3. Nutrition Education

Academic performance and quality of life issues are affected by the choice and availability of nutritious foods in our schools. Healthy foods support student physical growth, brain development, resistance to disease, emotional stability and ability to learn.

- Students receive nutrition education that is interactive and teaches skills they need to adopt healthy eating behaviors. Classroom lectures, activities and student participation are provided in nutrition and health classes. Classroom written tests (such as multiple choice, essay and fill in the blank) are given in the areas of nutrition.
- Students will understand how food reaches the table and the implications that has for their health and future.
- Nutrition education will teach skills that are behavior-focused. Students will be taught about calorie balance, energy expenditure and how to read and interpret nutrition facts labels.
- The staff responsible for nutrition education will be adequately prepared and participate in professional development activities to effectively deliver an accurate nutrition education program as planned.

4. Physical Activity

PenTab Academy shall ensure that physical activity is an essential element of each school's instructional program. The program shall provide the opportunity for all students to develop the skills, knowledge and attitudes necessary to participate in a lifetime of physical activity.

- Students in grades Kindergarten through Grade 8 shall receive 30-40 minutes per week of instructionally relevant physical education.

- All students, including Pre-school through Grade 8, will have at least 20 minutes of daily recess. The school will provide space, equipment and an environment conducive to safe and enjoyable play.
- Students will be encouraged to participate in community-offered fitness and athletic programs.
- Staff will be encouraged to participate in moderate-intensity aerobic activity (e.g., brisk walking, jogging, swimming) every week.
- Regular classroom teachers will be encouraged to provide short physical activity breaks between lessons or classes, as appropriate.

5. Other School-Based Activities

Pentab Academy will integrate wellness activities across the entire school setting. These initiatives will include nutrition, physical activity and other wellness components, so that all efforts work towards the same set of goals and objectives used to promote student well-being, optimal development and strong educational outcomes.

General Guidelines

- PenTab Academy shall consider the components of the Centers for Disease Control's Whole School, Whole Community, Whole Child (WSCC) model in establishing other school-based activities that promote wellness.
- The goals outlined by the wellness policy will be considered in planning all school-based activities (such as school events, field trips, dances and assemblies).
- Afterschool programs will encourage healthy snacking and physical activity.
- PenTab Academy shall support the engagement of students, families and staff in community health-enhancing activities and events at the school or throughout the community.
- PenTab Academy shall be in compliance with drug, alcohol and tobacco-free policies.

Eating Environment

- All students will be provided an adequate amount of time to consume their meal with a minimum of 20 minutes after receiving their food from the line.
- Convenient access to facilities for hand washing and oral hygiene will be available during meal periods.

Behavior Management

- PenTab Academy is committed to limiting the use of food as a reward, unless incorporated into an activity that promotes positive nutrition messages (such as a guest chef or field trip to a farm).
- Teachers and other school personnel will not deny or require physical activity as a means of punishment.

6. Guidelines for Food and Beverages Available During the School Day

PenTab Academy shall operate and provide food service in accordance with USDA's National School Lunch Program (NSLP) standards and applicable laws and regulations of the state of Florida. The guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by USDA.

General Guidelines

- All reimbursable meals will meet nutrition standards mandated by USDA, as well as any additional state nutrition standards that go beyond USDA requirements.
- School meals will include a variety of nutrient-dense foods, including whole grains and fiber-rich fruits and vegetables, while accommodating special dietary needs and ethnic and cultural food preferences.
- To the maximum extent possible, PenTab Academy will participate in available federal school meal programs, including the SBP, NSLP, ASSP, AMP, and SFSP.
- Free, potable water will be made available to all children during each meal service.

Competitive Foods

- All foods and beverages sold on the school campus to students outside of reimbursable school meals are considered "competitive foods," and must comply with the nutrition standards for competitive food as defined and required in 7 CFR 210.11.
 - *School campus means, for the purpose of competitive food standards implementation, all areas of the property under the jurisdiction of the school that are accessible to students during the school day.*
 - *School day means, for the purpose of competitive food standards implementation, the period from the midnight before, to 30 minutes after the end of the official school day.*
- Competitive foods include items sold a la carte in the cafeteria, from vending machines, school stores, snack bars and for in-school fundraisers.
- Unless being sold by PenTab Academy's food service program, it is impermissible for any competitive food item sold to students during the school day to consist of ready-to-eat combination foods of meat or meat alternate and grain products, as defined in 7 CFR 210.10 and 210.11. (FAC 5P-1.003)

- To be allowable, all competitive food items sold to students must meet general nutrition requirements and nutrient standards.

General nutrition requirements for competitive foods:

- Be a grain product that contains 50 percent or more whole grains by weight or have a whole grain as the first ingredient; or
- Have as the first ingredient one of the non-grain major food groups: fruits, vegetables, dairy or protein foods (meat, beans, poultry, seafood, eggs, nuts, seeds, etc.); or
- Be a combination food that contains 1/4 cup of fruit and/or vegetable.
- If water is the first ingredient, the second ingredient must be one of the above.

Nutrient standards for competitive foods:

Nutrient Standards	Snack Items and Side Dishes <i>(including any added accompaniments)</i>	Entrée Items <i>(including any added accompaniments)</i>
Calories	200 calories or less	350 calories or less
Sodium Limits	200 mg or less	480 mg or less
Total Fat Limits	35% or less of total calories	35% or less of total calories
Saturated fat	Less than 10% of total calories	Less than 10% of total calories
Trans fat	0 g of trans fat as served (less than or equal to 0.5 g per portion)	0 g of trans fat as served (less than or equal to 0.5 g per portion)
Sugar	35% of weight from total sugar as served or less	35% of weight from total sugar as served or less

Exemptions:

- Any entrée item offered as part of the breakfast or lunch program is exempt if it is served as a competitive food on the day of service or the day after service in the breakfast or lunch program.
- Fresh or frozen fruits and vegetables with no added ingredients, except water.
- Canned fruits with no added ingredients except water, which are packed in 100 percent juice, extra light syrup or light syrup.

- Low sodium/No salt added canned vegetables with no added fats.
- Reduced fat cheese, nuts, seeds and nut/seed butters, as well as seafood and whole eggs with no added fat are exempt from the total fat and saturated fat standards.

**Refer to 7 CFR 210.11 competitive food service standards for additional exemptions.*

Nutrition standards for beverages:

Portion sizes listed are the maximum that can be offered.

Beverages	Elementary	Middle	High
Plain water	Unlimited	unlimited	unlimited
Unflavored low-fat milk	8 fl. oz.	12 fl. oz.	12 fl. oz.
Unflavored or flavored fat-free milk	8 fl. oz.	12 fl. oz.	12 fl. oz.
100% fruit or vegetable juice	8 fl. oz.	12 fl. oz.	12 fl. oz.
100% fruit or vegetable juice diluted with water but no added sweeteners	8 fl. oz.	12 fl. oz.	12 fl. oz.
Other flavored and/or carbonated beverages that are labeled to contain 5 calories or less per 8 fl. oz., or 10 calories or less per 20 fl. oz.	Not allowed	Not allowed	20 fl. oz.
Other flavored and/or carbonated beverages that are labeled to contain 40 calorie or less per 8 fl. oz. or 60 calories or less per 12 fl. oz.)	Not allowed	Not allowed	12 fl. oz.

For elementary and middle school students: foods and beverages must be caffeine-free with the exception of trace amounts of naturally occurring caffeine substances.

**Standards for food and beverages available during the school day that are
not sold to students:**

- The school will provide parents and teachers a list of ideas for healthy celebrations/parties, rewards and fundraising activities.
- Class parties or celebrations shall be held after the lunch period, and sugary foods (Such as birthday cakes, cupcakes, etc...) shall be limited to once per month. Foods that meet the Smart Snacks in School nutrition standards will be encouraged.

Fundraising

- Fundraising efforts will be supportive of healthy eating by complying with all applicable regulations and nutrition standards for competitive foods while also emphasizing the sale of nonfood items.
- No fundraisers that include the sale of food items will occur until thirty (30) minutes after the conclusion of the last designated meal service period.
- The school is permitted to grant a special exemption from the standards for competitive foods as specified above for the purpose of conducting infrequent school-sponsored fundraisers, not to exceed the following maximum number of school days per school campus each school year:

School Type	Maximum Number of School Days to Conduct Exempted Fundraisers
Elementary Schools	5 days
Middle School/Junior High Schools	10 days
Senior High Schools	15 days
Combination Schools	10 days

- Each school's Healthy School Team will maintain a school calendar identifying the dates when exempted competitive food fundraisers will occur. (FAC 5P-1.003)

7. Policy for Food and Beverage Marketing

School-based marketing will be consistent with policies for nutrition education and health promotion. As such, the following guidelines apply:

- Schools will only be allowed to market and advertise those foods and beverages that meet or exceed USDA's Smart Snacks in School nutrition standards.

- Marketing activities that promote healthful behaviors are encouraged. Examples may include: vending machine covers promoting water, pricing structures that promote healthy options in a la carte lines or vending machines, sales of fruit for fundraisers and coupons for discounted gym memberships.
- The PenTab Academy nutrition department's replacement and purchasing decisions will reflect the marketing guidelines mentioned above.

8. Evaluation and Measurement of the Implementation of the Wellness Policy

The PenTab Academy Wellness Committee will update and make modifications to the wellness policy based on the results of the annual review and triennial assessments and/or as local priorities change, community needs change, wellness goals are met, new health information and technology emerges and new federal or state guidance or standards are issued. The wellness policy will be assessed as indicated at least every three years following the triennial assessment.

Triennial Progress Assessments

PenTab Academy will conduct an assessment of the local school wellness policy to measure wellness policy compliance **at least once every three years**. This assessment will measure the implementation of the local school wellness policy, and include:

- The extent to which PenTab Academy is in compliance with the local school wellness policy;
- The extent to which the local school wellness policy compares to model local school wellness policies; and
- A description of the progress made in attaining the goals of the local school wellness policy.

9. Informing the Public

PenTab Academy will ensure that the wellness policy and most recent triennial assessment are available to the public at all times. PenTab Academy will also actively notify households on an annual basis about any updates made to the wellness policy and the availability of the triennial assessment results, as well as provide information to the community about the school nutrition environment.

- PenTab Academy will ensure the most updated version of the wellness policy and triennial assessments are always available on the school website for the public to view.
- PenTab Academy will present wellness policy updates, as applicable, during meetings with the Parent Teacher Association/Organization, school board, district

superintendent, health and wellness committee and other interested groups or stakeholders.

- Wellness updates will be provided to students, parents and staff, as applicable, in the form of handouts, the PenTab Academy website, articles and each school's newsletter, to ensure that the community is informed and that public input is encouraged.
- The school will offer parents a complete copy of the local school wellness policy at the beginning of the school year.

10. Community Involvement

PenTab Academy is committed to being responsive to community input, which begins with awareness of the wellness policy. PenTab Academy will actively communicate ways in which parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators and the general public can participate in the development, implementation and annual review of the local school wellness policy through a variety of means, including:

- PenTab Academy will consider student needs in planning for a healthy nutrition environment. Students will be asked for input and feedback through the use of surveys and attention will be given to their comments.
- PenTab Academy will use electronic mechanisms, such as email or displaying notices on the PenTab Academy website, as well as non-electronic mechanisms, such as newsletters, presentations to parents or sending information home to parents, to ensure that all families are actively notified of any updates to the wellness policy, as well as how to get involved and support the policy.
- Parents will be given the opportunity to provide feedback about the school wellness policy. All comments and recommendations will be reviewed and considered.

Record Keeping

Records to document compliance with the requirements of the local school wellness policy will include, but are not limited to the following:

- The written local school wellness policy;
- Documentation demonstrating compliance with community involvement requirements, including requirements to make the local school wellness policy and triennial assessments available to the public as consistent with the section on informing and updating the public; and
- Documentation of the triennial assessment of the local school wellness policy.
